# Parent Newsletter

February 2020

SES Families,

The Winter PTA/PTSA [Member Perks](#) list has been released. An abbreviated list of member perks for California members is attached below, as well as a high speed internet discount offer from Comcast. Check out the National PTA website for all the perks and offers available exclusively for PTA/PTSA members.

The College Board has opportunity scholarships for students who create a path to college. Students who complete all six (6) steps are eligible for a \$40,000 scholarship. For more information on this scholarship opportunity, visit [cb.org/opportunity](http://cb.org/opportunity).

Parent volunteers are needed to chaperone upcoming field trips. If you are interested, you have to first complete a volunteer screening packet (available in the office). Limited scholarships are still available to cover the volunteer screening process. Ask in the office.
