

Parent Newsletter

September 2019

Hello Parents!

Welcome back to our returning families and a warm welcome to the families who are new to the School of Engineering and Sciences (SES). As we transition back into a new school year, now is a good time to make sure that your student has created an ideal study space. Create a well-lit, quiet space with enough room for your student to work. Encourage your student to study frequently (review notes, create flashcards, etc.) to prevent pre-test anxiety and stress. Take advantage of parent workshops which will provide you with tips and resources to support your student. The first workshop is this week. See the attached flyer for more information.

We want to thank all of the families who participated in the fundraisers this past school year. Through our fundraising efforts, we were able to donate funds to Teacher Appreciation Luncheon, Senior Graduation, Eighth Grade Defense Ceremony and other school activities. With your help, we can continue to support our students, faculty and parents. Parents, teachers, and students are encouraged to join and volunteer. Membership dues are \$6.00. Join today!

Below you will find information regarding school activities and events.

- DeLicia Cole, PTSA President
